**Subject:**

The sewer spills, poor service, high water/sewer rates, and complaints of tax paying citizens have fallen on deaf ears because our elected officials have and continue to fail us. TCWS is rewarded with rate increase after rate increase. Please help us. I believe that both our health (polluted lake) and financial security (property values) are at risk.

I support the request to close the Wastewater Treatment Plants (WWTPs) in Tega Cay and have sewage shipped to Rock Hill for treatment instead.

Thanks,
